Process & Workflow

Step 1: Project review measurements

- Site visit or plan review with contractors or designers
- Verification of dimensions, layouts, and rough-ins

Step 2: Quote s material selection

- Pricing based on plywood kitchens/vanities and particleboard closet systems
- Finish, hardware, and configuration selection in the Burnaby showroom

Step 3: Production timeline

- Lead time confirmation based on local warehouse stock and incoming shipments
- Coordination with project phases (tower releases, floor-by-floor scheduling)

Step 4: Delivery or installation coordination

- Local delivery from the Burnaby warehouse
- Optional installation services for kitchens, vanities, and closets

Step 5: Post-project support

- 10 Years Warranty support and replacement parts
