Where High Quality Cabinets Cost Less

Blue Valley Cabinets

Where High Quality Cabinets Cost Less

Schattdecor

The world-leading surface materials manufacturer based in Germany who operates sixteen production facilities worldwide, known for exceptional quality and design.

about us :

Blue Valley Cabinets Canada is new to the Lower Mainland of Vancouver area. Blue Valley Cabinets is adding to the quality and affordable products that are available in the region. We take pride in both our cabinets and customer service. Because our customers are so important to us, we strive to provide the best quality product at an affordable price.

Our designers are ready to assist you to create the kitchen you've always wanted but didn't think you could afford. With seven available styles and colors, we're sure you or your customers will find what you're looking for. Our (5) five years limited warranty will give you and your customers peace of mind knowing that we stand behind our products.

With six sister companies across the US & Canada, our manufacturer knows what it takes to produce quality cabinets at an affordable price. They take care in the cabinet manufacturing business for several years; they are able to manufacture cabinets that work with the different climates in which they are sold and installed.

Whether you want your cabinets assembled by us or you intend to do it yourself, we stand ready to provide you with the best possible service. Pickup and delivery options are available. All the woodgrain flat panels materials we used in our European-style cabinets and walk-in closets line are from Schattdecor, for ensuring both elegance and durability in every detail.

UPGRADE WITH LED LIGHTS

Enhance your closet design with the option to upgrade to LED lighting. This sleek, low-profile feature adds both function and ambiance. A smart upgrade for a polished, high-end finish.

Our modern closet line is built around a modular system designed for flexibility, simplicity, and style. Whether you're outfitting a primary suite or a compact reach-in, our components can be mixed, matched, and rearranged to fit your exact space and storage needs. Even better—our on-site designers use 3D-printed model pieces to help you visualize and configure your ideal setup in real time. It's a hands-on, hassle-free way to create a custom-feeling closet without the custom timeline or price.
